International  
Study tours  
to winners

**The only Platform to Learn Plumbing**

## Focus on the latest plumbing trends and the best plumbing practices

Indian Plumbing Professionals League - IPPL is a Knowledge sharing and Skill enhancing competition conducted by Indian Plumbing Association that imparts knowledge of the best, innovative and latest plumbing practices in a professional way, in a Quiz format. The soul of IPPL is learning with competition & fun. IPPL was initiated by IPA in 2017 to create awareness among the building fraternity - Architects, Interior Designers, Engineers, Real Estate Developers, MEP Consultants, Contractors, Academicians, Manufacturers etc. on correct plumbing practices and to emphasis on the role of Better Plumbing for Healthy living.

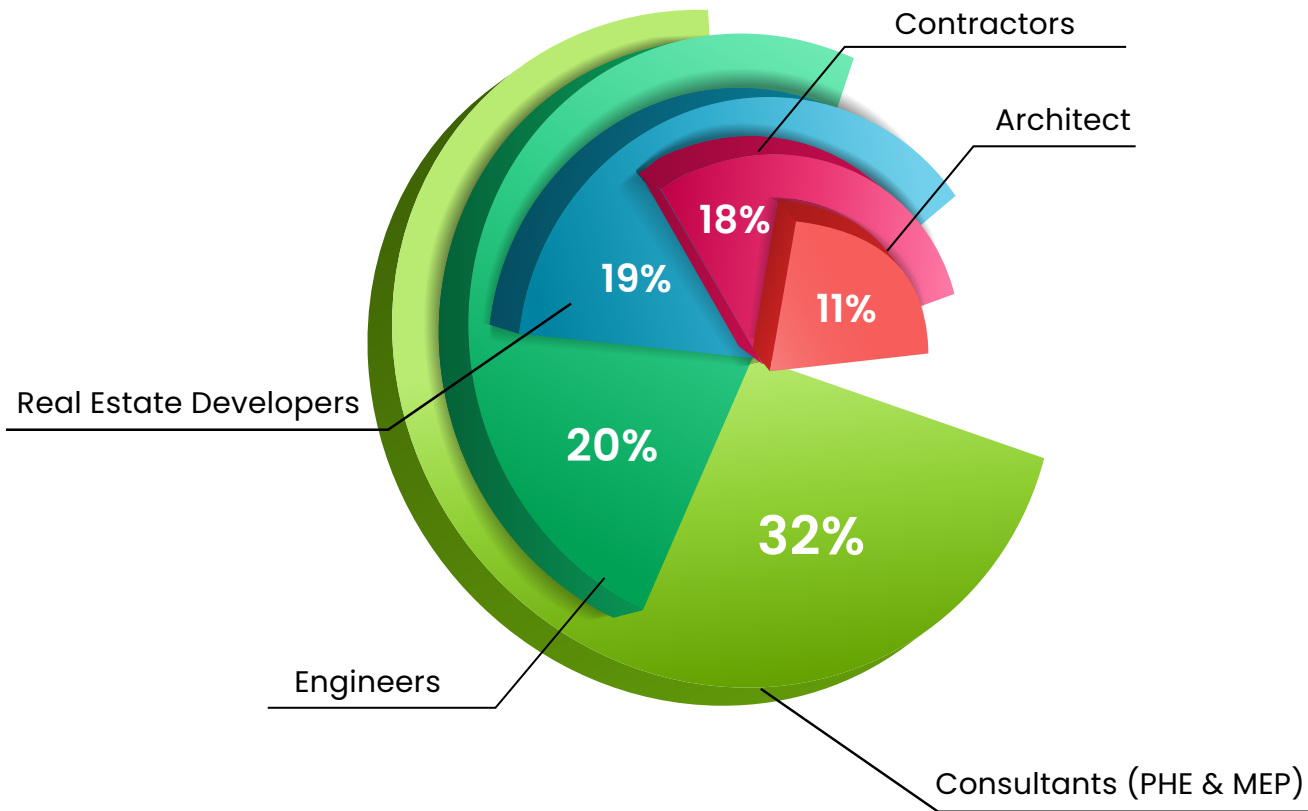

Plumbing is a Science and it is directly related to a human health. It is a must for every building professional to know the latest innovation and technologies about plumbing products and installations.

After being conducted successfully for 5 years in a row (3 physical formats and 2 virtual formats), Indian Plumbing Association proudly presents the 6th edition of IPPL.

Learning Sessions at every Chapter: **September - October 2022**  
Grand Finale: **3<sup>rd</sup> December 2022, during 28<sup>th</sup> Indian Plumbing Conference at Pune**

## Reach and Impact of IPPL over 5 years

4500+

Participants

225+

Learning Sessions

12

"Let's make people understand and educate them on the need for saving water. If you really want to save water it will be saving Education, Education, Education and Acceptance, Acceptance, Acceptance."

**Rajan Bandelkar**  
Chairman, NAREDCO

"Plumbing is a science directly connected to human health, hygiene and environment"

**Dr. Anil Sahasrabudhe**  
Chairman, AICTE

"The blood running in our body is similar to plumbing systems in a building. A building's plumbing is very crucial for its proper working and should not be neglected."

**Ar. Habeeb Khan**  
President, Council of Architecture

The IPPL bridges the gap towards correct and codal based plumbing taught by the best plumbing Guru's of India. Participate in IPPL to enhance your knowledge on latest and revised current plumbing codes of the country.

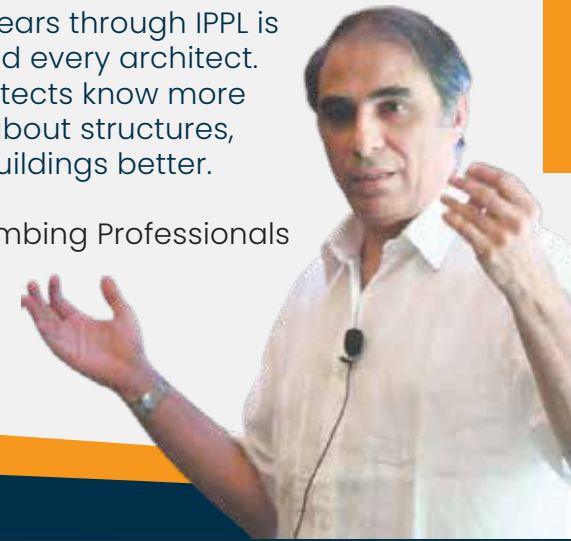

**Gurmit Singh Arora**  
National President, IPA  
& Chairman, CII-IGBC

I feel what Indian Plumbing Association has been showcasing over the years through IPPL is a must learning for each and every architect. I can assure you that if architects know more about plumbing and more about structures, they will be able to design buildings better.

I fully endorse the Indian Plumbing Professionals League (IPPL).
