

TechTalk

IPA SURAT CHAPTER

IPA Surat Chapter conducted its first 'Tech Talk' on 15th June 2019. The event was sponsored by Devyami Automatic Pumps and Controls (P) Ltd.

The topic for the 'Tech Talk' was 'Heat Pump – Smart Way of Heating'. With increasing emphasis on the environment, this topic was selected by IPA Surat Chapter.

Mr. Devang Shah – Director (Devyami) made the technical presentation.

Mr. Devang Shah Speaking on Heat Pumps

Felicitations by Mr. Zabir Choksi, Secretary - IPASC

Mr. Devang Shah explained in detail the prevailing methods of heating water. He discussed as to why the heat pump concept should be considered as the most efficient and green idea for heating water. He also explained the fundamental principles of working of a heat pump and detailed its various features. The talk concluded with a very interesting session of Q&A.
