

Tech Talk – IPA Chandigarh Chapter

IPA Chandigarh Chapter hosted a 'Tech Talk' on 7 March 2020 with about 25 participants followed by Hi Tea. The topic for Tech Talk was 'Water Proofing in Washrooms' which was delivered by Aman Arora, Vice-President, IPA Chandigarh Chapter. The major topics covered in the tech talk were:

- What is waterproofing?
- Why is waterproofing needed?
- Good practices for waterproofing
- Are tiles waterproof?
- Various materials which are used for waterproofing

The technical presentation was followed by a very interactive and informative Q & A session with the involvement of many participants.

The participants appreciated the Tech Talk and requested the chapter to organise more such Tech Talks in future.
